**Lescarden Announces Distribution Agreement in the Philippines for PolyNag®SR™
- PolyNag®SR™ New Slow Release Glucosamine to be Promoted to Doctors in the
Region**

New York (NY), December 8, 2005 – Lescarden Inc. (LCAR), a marketing and R&D company based in New York, New York, today announced that it has signed an agreement with Alteredmed Corporation, a subsidiary of Pascual Laboratories Inc., one of the largest Filipino-owned pharmaceutical companies in the Philippines. Under the terms of the agreement, Pascual Laboratories will have exclusive rights to the marketing and selling of Lescarden's patented product PolyNag® SR™, a clinically proven, slow-release glucosamine for the treatment of osteoarthritis.

William Luther, President and CEO of Lescarden stated "PolyNag SR™ provides Alteredmed and Pascual a meaningful product differentiation in a large and growing osteoarthritis market. For Lescarden, this Agreement contributes to its strategic goals of diversifying our product line and the expanding into new geographic markets."

According to Dr. Francis Gomez, President of Alteredmed "the glucosamine market is rapidly expanding in the region. The osteoarthritis market is one of the largest segments in the healthcare market in the Philippines. With clinical studies based on human and animal testings, PolyNag SR™ provides strong scientific evidence of its superior and longer-lasting bioavailability. PolyNag SR™ will provide patients with a more convenient dosage and a more bioavailable glucosamine. Our plan is to promote PolyNag SR™ directly to physicians."
